

Meeting Date	Meeting Type (Advisory Council, General Council, Annual Meeting)	Resolution Title	Resolution
January-2018	Annual Meeting	Pod Shatter Resistant Canola Hail Insurance	THAT KAP lobby the Manitoba Agricultural Services Corporation to develop separate hail insurance rates for pod shatter resistant varieties of canola.
January-2018	Annual Meeting	Emergency Medical Services	THAT KAP lobby the Manitoba government to more clearly communicate their plans to maintain service levels to KAP members and rural residents; and, be it further Resolved, THAT KAP lobby the Manitoba government to ensure rural residents and communities receive timely EMS and fire services.
January-2018	Annual Meeting	Emergency Medical Services in Rural Locations	THAT KAP lobby the Manitoba government to investigate the challenges associated with identifying rural locations and access routes in order to develop a solution that will standardize and simplify the ability of emergency responders to identify these locations and the best routes for accessing them.
January-2018	Annual Meeting	Agricultural Education	THAT KAP investigate opportunities with educational providers to develop an agricultural operator's or trade course.
January-2018	Annual Meeting	AG Transport Coalition Funding	THAT KAP lobby the Government of Canada to continue funding the AG Transport Coalition.
January-2018	Annual Meeting	Contamination in Feed	THAT KAP lobby the Canadian Food Inspection Agency to ensure they are enforcing the requirements within the Feeds Act and associated regulations that set maximum contaminant levels in feed produced and sold by commercial feed mills.
January-2018	Annual Meeting	Conservation District Membership	THAT KAP lobby the Manitoba government to require that membership to Conservation Districts be mandatory for all municipalities, towns and cities in the province of Manitoba.

January-2018	Annual Meeting	Controlling the Wild Board Population	THAT KAP send a letter to the Manitoba Wildlife and Fisheries Enhancement Fund supporting The Cypress River Wildlife Association's request for funding for the purchase of the Jager Pro M.I.N.E. Trap.
January-2018	Annual Meeting	Bag Limits for Deer	THAT KAP lobby the Manitoba government to increase bag limits to at least two whitetailed deer per license including either antlered or antlerless deer in this bag limit.
January-2018	Annual Meeting	Carbon Pricing for Confined Livestock, Grain Dryers and Greenhouses	THAT KAP continue to lobby the Manitoba government to exempt the fuels and utilities that are used to heat and cool confined livestock, grain dryers and greenhouse spaces under Manitoba's carbon pricing plan; and be it further Resolved, THAT if KAP is unsuccessful in lobbying the Manitoba government to exempt fuels and utilities for heating and cooling confined livestock, grain dryers and greenhouse spaces due to government inability to segregate said use that KAP lobby the Manitoba government to provide a full carbon tax rebate associated with said fuels and utilities usage.
January-2018	Annual Meeting	Farmland Annexation	THAT KAP make a submission to the Manitoba Ombudsman outlining the issues that arose with regards to The Municipal Act and the procedures followed by the Manitoba Municipal Board during the 2016-2017 process of the City of Steinbach's annexation of nearby farmland.
January-2018	Annual Meeting	Canola Crushing Plants	THAT KAP work with the Manitoba Canola Growers Association and the Manitoba government to find some way (such as bringing the three Manitoba oilseed crushing plants into the output based pricing as a single emitter) to minimize the impact of the proposed carbon tax.

January-2018	Annual Meeting	Biodiesel Mandate	THAT KAP support and encourage the early adoption of the B5 biodiesel mandate; and be it further Resolved, THAT KAP lobby the Manitoba government to give preference under the B5 biodiesel mandate to biodiesel produced using products that are grown in or sourced from western Canada.
January-2018	Annual Meeting	Agricultural Apprenticeship	THAT KAP establish a committee to prepare a formal proposal to Apprenticeship Manitoba to establish 'Agricultural Craft' as a designated trade offered at an accredited post-secondary institution.
January-2018	Annual Meeting	Land Ownership	THAT KAP lobby the Manitoba government to explore the possibility of initiating a 5% levy on farmland sales prices for any investor who buys farmland and has not been actively farming within 3 years; and be it further Resolved, THAT KAP lobby the Manitoba government use money collected through a farmland sales price levy to enhance Manitoba Agricultural Services Corporation's Young Farmer Rebate program.
January-2018	Annual Meeting	Emergency Communication in Rural Areas	THAT KAP lobby the Manitoba government to develop an effective emergency communications strategy for farmers and others working in remote areas with poor wireless coverage.
January-2018	Annual Meeting	Healthy Soils and Carbon Sequestration	THAT KAP encourage governments, universities, private industry, and farmers to research and develop model farms and BMPs which further foster and promote healthy soils and increase the sequestration of carbon into the soils.
January-2018	Annual Meeting	Competition Bureau	THAT KAP lobby the Government of Canada to make changes to the Competition Bureau in order to allow it to monitor corporate mergers and make companies financially accountable for commitments they put forward while going through the merger process.
April-2018	Advisory Council	Plastic Roller BMP	THAT KAP lobby the Government of Manitoba to include plastic grain bag rollers as an eligible environmental BMP at a cost share of 50% up to \$5,000.

April-2018	Advisory Council	Farm Product Recycling	THAT KAP work with CleanFARMS and other interested stakeholders to increase the number of collection sites in Manitoba and increase the list of products that are accepted for recycling at all sites.
April-2018	Advisory Council	Crop Insurance Coverage for Fruit	THAT KAP lobby the Manitoba Agricultural Services Corporation to work with Manitoba Agriculture and the Prairie Fruit Growers Association to establish an affordable insurance program that covers an appropriate range of natural perils to Strawberry and Saskatoon crops; and be it further Resolved, THAT KAP lobby the Manitoba Agricultural Services Corporation to work with Manitoba Agriculture and the Prairie Fruit Growers Association to collect sufficient data to develop insurance programs for other fruit crops in Manitoba.
April-2018	Advisory Council	Grain Transportation Infrastructure	THAT KAP lobby the Government of Canada, railway companies and grain companies to work together to identify and fix the existing bottlenecks in the grain transportation system.
April-2018	Advisory Council	Night Hunting	THAT KAP lobby the Government of Manitoba to implement a policy to ban the practice of night hunting in the province.
April-2018	Advisory Council	Workplace Safety & Health	THAT KAP lobby the Government of Manitoba to require all government personnel be trained in biosecurity protocols and obtain permission before entering any restricted areas at any livestock farm.
April-2018	Advisory Council	Short-Line Railway Support	THAT KAP lobby the province of Manitoba to create a division of Manitoba Infrastructure to specifically handle provincially regulated short-lines with a focus on creating opportunities for accessing infrastructure funding on an ongoing basis as well as providing knowledge and support to companies as required (similar to the Saskatchewan model); and be it further Resolved, THAT KAP lobby Transport Canada and the Government of Canada to provide funding for infrastructure projects on short-line railroads in Manitoba.

April-2018	Advisory Council	Municipal and Education Tax Review	THAT KAP lobby the Government of Manitoba to immediately undertake a full review of the municipal and educational tax formulas in order to ensure that a fair and equitable balance of the tax burden exists between both farmland and residential properties.
April-2018	Advisory Council	KAP Communication	THAT KAP investigate ways to better utilize technology for the purposes of communication and participation with KAP's members and the general Manitoba public.
April-2018	Advisory Council	Road Maintenance	THAT KAP lobby the Government of Manitoba to give municipalities the option to take over routine maintenance (plowing and grading) of provincial gravel roads using a cost neutral structure that covers depreciation, fuel, labour and maintenance of the equipment.
August-2018	Advisory Council	Trespassing	THAT KAP meet with the Government of Manitoba to discuss making trespassing on private property a chargeable offence.
August-2018	Advisory Council	Pump Stations	THAT KAP lobby the Government of Manitoba to repair and maintain the three pump stations that divert water from the Assiniboine River into the Elm River, the LaSalle River and the Mill Creek, and continue to operate these pumps as required to maintain an adequate flow of water in the Elm River, Mill Creek and LaSalle River.
August-2018	Advisory Council	Comprehensive and Progressive Agreement for Trans-Pacific Partnership	THAT KAP urge the Government of Canada to ratify the Comprehensive and Progressive Agreement for Trans-Pacific Partnership before the adjournment of the House in December 2018; and be it further Resolved, THAT KAP immediately contact Minister of International Trade Diversification Jim Carr requesting a meeting to discuss ratification of the Comprehensive and Progressive Agreement for Trans-Pacific Partnership.

August-2018	Advisory Council	Provincial Burning Ban	THAT KAP lobby the Government of Manitoba to allow local governments to make all decisions regarding burning of crop residue outside of the period when Manitoba Agriculture restricts fall burning of crop residue.
August-2018	Advisory Council	Veterinary Health Products	THAT KAP lobby the Government of Canada for Health Canada not to allow the proposed fee increases as it will have serious consequences to the entire Canadian livestock industry; and be it further Resolved, that KAP lobby Health Canada to reassess its current service fees and approval process to accept the research and data from other countries, so that more veterinary drugs can be registered in Canada for all commodity groups, especially smaller groups such as the sheep industry.
August-2018	Advisory Council	Seasonal Agricultural Workers Program (SAWP) Drivers Licensing Exemption	THAT KAP lobby the Government of Manitoba and work with MPI to exempt foreign workers under the Seasonal Agricultural Workers Program from having to obtain a Manitoba driver's license after being here for 90 days.
August-2018	Advisory Council	Manitoba Driver Licensing for Seasonal and Temporary Workers	THAT KAP lobby the Minister responsible for Manitoba Public Insurance to instruct MPI to develop digital training modules and written manuals in both Spanish and Tagalog for the Manitoba Driver's Licensing Knowledge Test; and be it further Resolved, THAT KAP lobby the Government of Manitoba to establish a reciprocal agreement with the Philippines and Mexico for driver licensing.
November-2018	Advisory Council	Plant Breeders' Rights	THAT KAP lobby AAFC that if any new plant breeders' rights and seed royalty system is implemented, that it should include government oversight and a periodic system review to ensure that producers' interests are protected.
November-2018	Advisory Council	Canadian Seed Industry	THAT KAP lobby the Government of Canada and the Government of Manitoba to preserve or enhance public research funding for the Canadian seed industry.

November-2018	Advisory Council	Value Creation	THAT KAP's Grains, Oilseeds and Pulses committee analyze and discuss the six areas of the Seed Synergy white paper with special focus on the impact on producers and bring information and recommendations for discussion at the Annual meeting.
November-2018	Advisory Council	Flea Beetle Tolerant Canola	THAT KAP lobby the canola seed companies to expedite the breeding of these flea beetle tolerant lines from the University of Saskatchewan and that all manners of cultural control be investigated for the control of flea beetles in canola.
November-2018	Advisory Council	Glyphosate Tolerant Wheat	THAT KAP lobby the Government of Canada to disallow the testing, funding, importation and introduction of glyphosate tolerant wheat in Canada.
November-2018	Advisory Council	Wildlife Damage Compensation for Strawberry Crops	THAT KAP lobby the Minister of Agriculture to work with the Prairie Fruit Growers Association to add strawberries to the list of eligible crops in the "Wildlife Damage Compensation Program for Crop Damage."
November-2018	Advisory Council	Using CSIP RFID Tags to Receive Sheep Carcass Data	THAT KAP lobby the Canadian Sheep Federation, Canadian Food Inspection Agency and the Canadian Cattle Identification Agency to allow producers to receive carcass data information, that is captured at the time of harvest and processing of their lambs through the use of Canadian Sheep Identification Program RFID tags, enabling Manitoba sheep producers to make better management and production decisions and enhance the industry.
